

## Upcoming Federal Employees' Group Life Insurance (FEGLI) Program Open Season

An Open Season for Federal employees to increase their FEGLI coverage is scheduled for **September 1 through September 30, 2016**. You will make your election using Employee Express at: <https://www.employeeexpress.gov/>.

**Note:** Coverage elected during Open Season will be effective the **first pay period beginning on or after October 1, 2017 in which you are in a pay and duty status**.

A FEGLI calculator is available to help you:

- Determine the value of FEGLI coverage.
- Calculate the premiums for coverage, and see how choosing different Options can change the amount of life insurance and premiums.
- See how life insurance carried into retirement will change over time.

This FEGLI calculator is available at: <https://www.opm.gov/retirement-services/calculators/fegli-calculator/>.

For general FEGLI information, please visit the [NASA Human Resources Portal Employee Benefits](https://hr.nasa.gov/benefits) page, which can be found at: <https://hr.nasa.gov/benefits>. For FEGLI information specific to your coverage and deductions, log on to Employee Express at: <https://www.employeeexpress.gov/> and under the **Miscellaneous** heading, click the **Federal Employees Benefits Statement** link.

**Note:** Outside an Open Season, eligible employees can enroll or increase their coverage by taking a physical exam or with a Qualifying Life Event. You may also reduce or cancel your FEGLI life insurance at any time without waiting for an Open Season. Please note that only Open Season changes may be made via Employee Express. For more information about electing, increasing, or decreasing FEGLI coverage outside an Open Season, visit the Office of Personnel Management (OPM) FEGLI Frequently Asked Questions Web page at: <http://www.opm.gov/healthcare-insurance/insurance-faqs/life> or call the Benefits Processing Team at the NASA Shared Services Center (NSSC).

Moreover, the NSSC will host an “Ask the NSSC” event on **September 1, 2016** to answer questions you have about life insurance. Additional information on this event will be distributed separately.
