**CONTRACT RELEASE: 21-005**

**NASA Awards Contract for Procuring National Instruments' Hardware, Software**

NASA has awarded a contract to Ideal System Solutions Inc. of Minnetonka, Minnesota, to procure new hardware, new and renewal software licenses and associated services for National Instruments brand name products in support of all NASA centers.

This is an indefinite-delivery/indefinite-quantity contract with a potential five (5) year and six (6) month ordering period, which will offer a longer-term option for NASA to procure National Instruments requirements conveniently and efficiently. The maximum potential contract value is \$21.4 million. The period of performance will begin Aug. 27, with a potential end date of Feb. 28, 2027, if all options are exercised.

The contract is administered at the NSSC, located at Stennis Space Center in Mississippi. The NSSC performs select business activities for all NASA centers.
