I would like to recognize Vickie Hammons for the superb customer service she provides for all of the Accounts Payables inquiries. This is not an easy task and can certainly be frustrating at times, so I wanted to ensure she knows how valuable this work is. She is the first impression of the NSSC for a lot of the internal and external customers. This work is not measured by metrics but is just as important. She not only addresses the customers quickly, she also identifies issues and alerts management to them in order to avoid a larger potential issue. So, THANK YOU Vickie for performing this job with enthusiasm and professionalism!
