NASA Awards Contract Modification for Shared Services Center

NASA has exercised the fifth option year under its existing contract with Computer Sciences Corporation (CSC) of Falls Church, Va. This is an 11-month option period for the continuation of financial management, human resources, procurement and information technology support services to NASA.

The option increases the existing NASA Shared Services Center (NSSC) support contract by more than \$44 million and provides services through Aug. 31, 2015.

The contract is administered by the NSSC located at the Stennis Space Center. The NSSC performs selected business activities for all NASA centers.
