Budget and Accounting Division (BAD) Automation Process Improvements

The Budget and Accounting Division, with support from the Service Provider, would like to highlight several automation improvements in the area of IT Business Services (ITBS) (formerly I3P Business Services).

- Rollout the new NICS Database Automation Process to the Centers. Centers are now able to use the workbooks for NICS funding updates.
- Rollout the new IT Business Services Vendor Process to the Centers. Collaborated with OCFO and AAO to establish additional SAP IPAC Vendors for the ITBS Contracts, which has streamline Center and NSSC business process for funding and costing the ITBS contracts.
- ACES ServiceNow Automation: With support from the Enterprise Service Division, the IT Business Service was able to implement a new feature in ServiceNow enabling our office to add records without going to NSSC IT. We can now perform supplemental loads in a few minutes, the process use to take 3-5 days to complete.

National Center for Critical Information Processing and Storage (NCCIPS)

The Budget and Accounting Division, received approval from NASA Headquarters to moved NCCIPS into the NASA WCF beginning Fiscal Year 2017. Starting with February 1, 2017 NCCIPS will operate under the WCF Fund model.

Agency Enterprise Services and Integration Division/Electronic Forms (EForms) Activity

The Budget and Accounting Division will begin supporting the coordination role for all fundamental areas of the EForms Funding Process beginning Fiscal Year 2017.

The NSSC hosted the annual Halloween Costume Contest on Friday, October 28th. Participants included Cruella Deville, Emojis, the Sanderson Sisters and more! The event also gave employees a chance to have photos taken in a photo booth, as well. Be sure to check out all the pictures from the event on the N: drive!
