

JSC NAV Program Objectives

- Familiarize new JSC employees with the Center's history, culture and major technical programs
- Provide new employees with a better understanding of how the Center fits in the larger NASA picture and how key processes work here
- Give new employees an opportunity to experience first hand some of the Center's key facilities and capabilities
- Build some relationships with other new employees as they begin their JSC careers
- Help new employees to understand some of JSC's core values and encourage them to align their work practices and behaviors with these important values

Introductions

- At your tables, introduce yourself to each other:
 - Name
 - Your organization
 - Where you consider home
 - A favorite hobby, activity, sport, or travel destination and why

Administrative Issues

- Fire safety
- Tent cards
- Rosters
- Review agenda
- Rest rooms
- Vending machines
- Breaks...and food!
