NASA's Extended TDY Transition to the NSSC

The transition of the Agency's Extended TDY (ETDY) travel program to the NSSC is in the final stages of implementation. The NSSC has staffed and trained a workforce to support the transition that includes: AFRC, ARC, GRC, JSC, MSFC, SSC and NSSC. The ETDY team has been working the final stages of policy updates, documentation, training and process changes in preparation for the transition.

Some of the key processes that will transition include: the IV&V transition is October 1, 2017. The transition of the Agency's Extended TDY (ETDY) travel program to the NSSC is in the final stages of implementation. The NSSC has staffed and trained a workforce to support the transition. The NSSC team hosted seven Town Hall Meetings with employees from GSFC, HQ, LARC, and KSC to manage the transition. This included information on "How, When and Why" the transition is taking place. The town hall sessions generated a lot of great questions and discussions. Additionally, the NSSC team received some very positive feedback from the attendees. The targeted go live date for the transition is October 1, 2017.

Updates on Transition of Center Purchase Card Programs to the NSSC

Participants of the NSSC P Card Team traveled to Greenbelt, Maryland the week of August 14 for a site visit in preparation to transition the largest of the NASA Centers, Goddard Space Flight Center (GSFC) to the NSSC. Feds Fed Families 2017 Comes to Close

To those all who helped make the year's Feds Fed Families food drive a tremendous success. This year, we empowered our goal of 1,000 people by collecting over 3,840 pounds of food, and exceeded our goal of 1,000 pounds in donations. As per the transition. The team hosted seven Town Hall Meetings with employees from GSFC, HQ, LARC, and KSC to manage the transition. This included information on "How, When and Why" the transition is taking place. The town hall sessions generated a lot of great questions and discussions. Additionally, the NSSC team received some very positive feedback from the attendees.
