

## How do I view a book from Books24x7 on my mobile device?

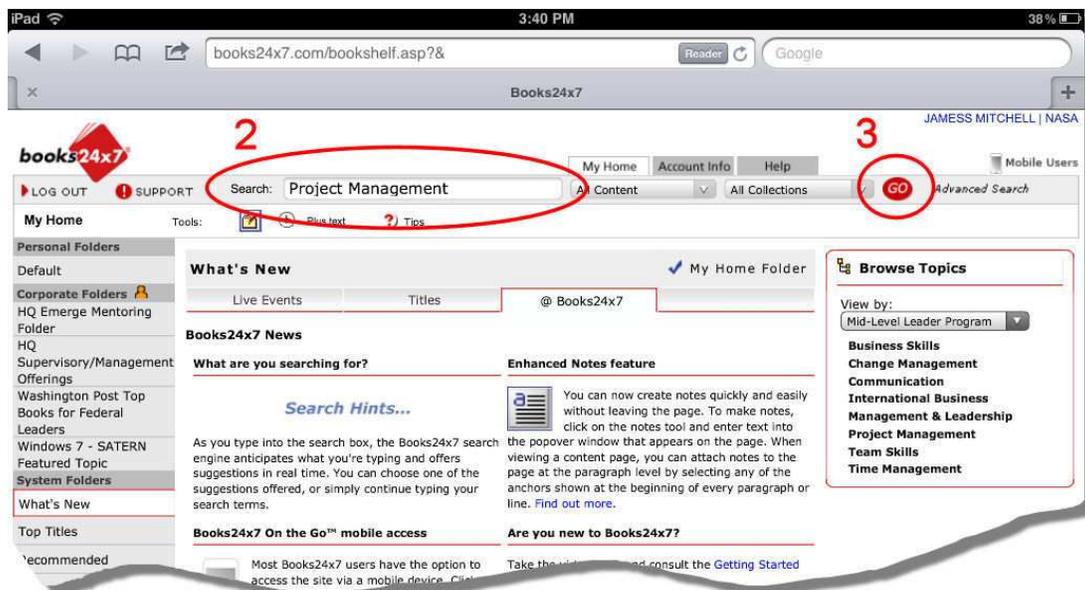

If you have ever had trouble finding time to read the business books you want to read, now you can take them with you on your Web-connected smartphone or tablet and read them when and wherever works best for you. The Books24x7 library is the definitive resource for on-demand learning across all business functions and includes thousands of business titles from the most reputable publishers and authors in the industry.

**Note:** The following steps will walk you through accessing Books24x7 from a Web-connected device. To download chapters for offline viewing, see the job aid “Downloading Books from Books24x7”.

### ➤ View Books24x7 on your tablet

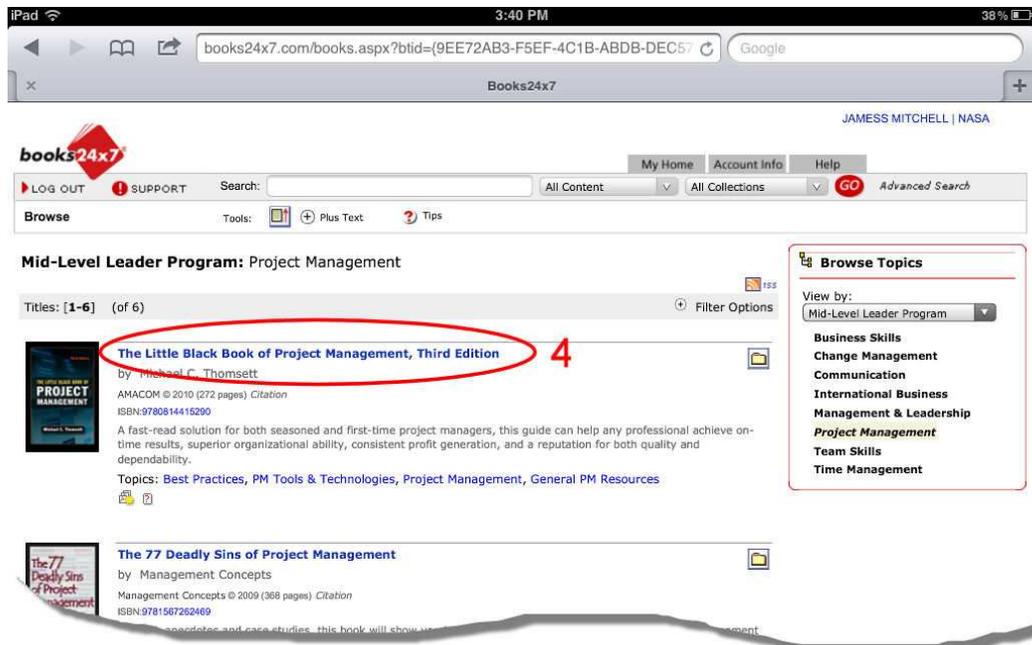

#### Here's how to view a book on your tablet

1. Open your browser and log into the standard Books24x7 site with your user name and password <http://books24x7.com>.

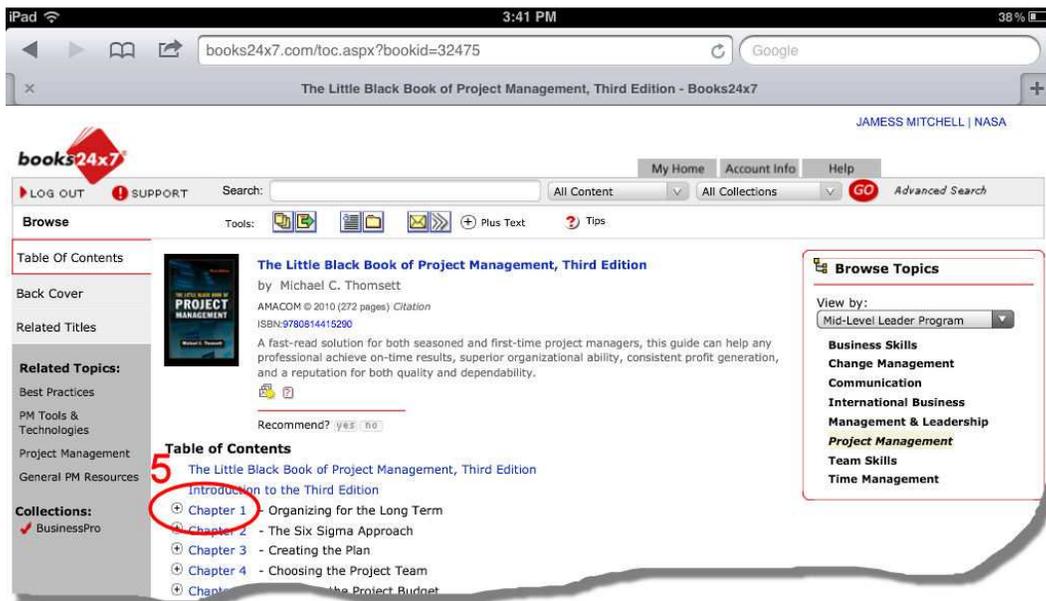

2. Tap in the **Search** field and enter the name of the book you would like to read. Alternatively you can enter general search parameters to search for books about a particular topic (in this case we've entered **Project Management**).
3. Tap the **Go** button.

Login to SATERN at <https://satern.nasa.gov>

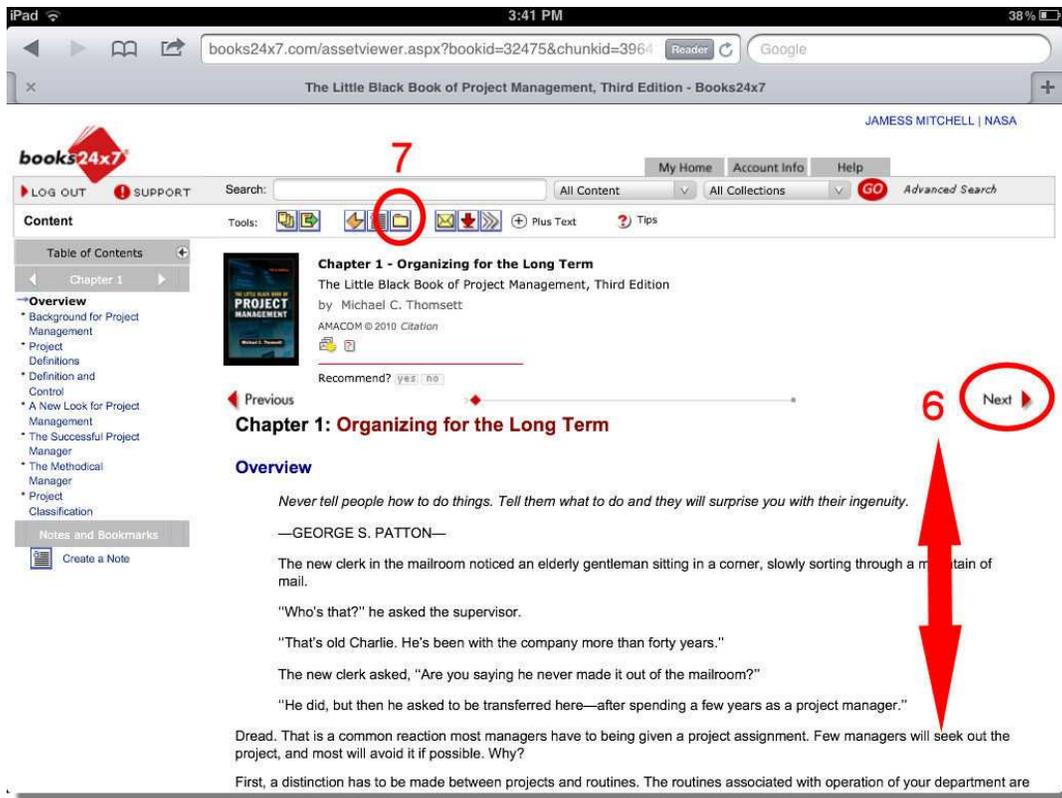

4. Tap the title link for the book you would like to view.

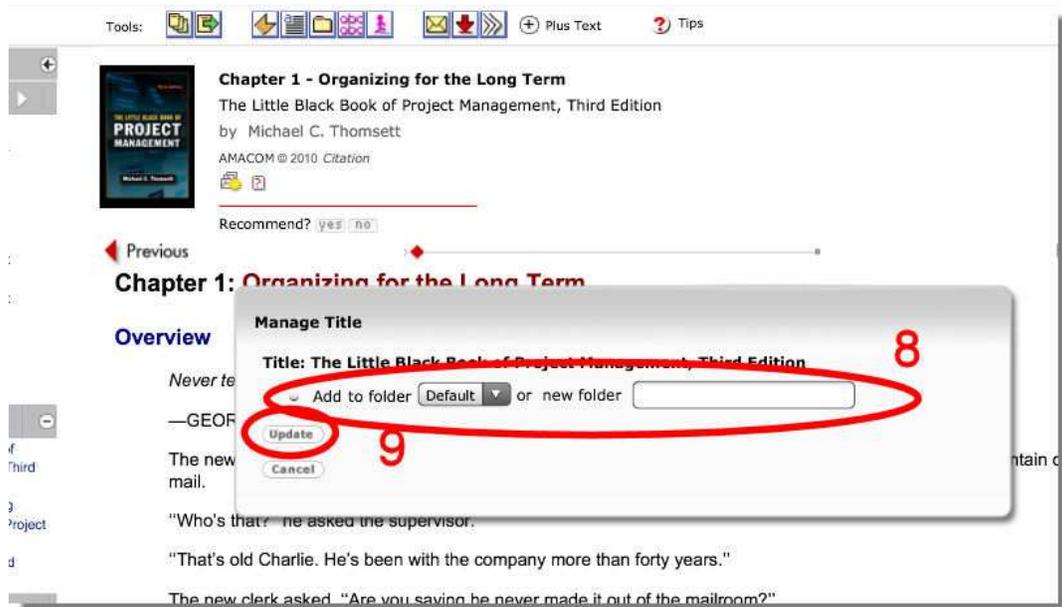

The table of contents is listed.

5. Tap any of the links. To start reading from the beginning of the book, tap the first link under **Table of Contents**. Alternatively, you can tap the link for any of the sections or chapters listed (we've chosen **Chapter1**)
